

Gov. Bramlette of Kentucky, in a published letter to an officer who had informed him that he had been ordered to Kentucky to recruit negro soldiers, informs him that the State will furnish her quota of white men—that there is no act of Congress, or order from the War Department authorizing the proceeding contemplated, and concludes as follows:—
“If, you came to recruit ‘colored men’ for the benefit of Kentucky, we decline your services. If you recruit for the benefit of another State, we deny your right to do so, and forbid it. No State has the right under any law or order to enter Kentucky to recruit either white or ‘colored’ men. We do not intermeddle with any State that chooses to recruit ‘colored’ men within its own limits. But no State that is not willing to meet the measure of duty by contributing its quota from its own population shall be permitted to shelter from duty behind the free negro population of Kentucky.”

The speeches of the Hon. Montgomery Blair, Senator Hicks, and Thomas Swann, before the Maryland Legislature, at Annapolis, are published. Mr. Blair’s speech is confined to a general discussion of the causes of the war, and an advocacy of the President’s Emancipation and Amnesty Proclamations, and does not touch upon State matters. Senator Hicks declares himself in favor of “prompt action” by the State in reference to Emancipation.—Mr. Swann declared “immediate emancipation” the only remedy, and avowed the intention of himself and friends to push the steed of Emancipation “with whip and spur.”

Mrs. Jane E. Ward in N. Y. on Tuesday night last was suffering severely from pain caused by a carbuncle on one of her fingers, and sent to a druggist for an ounce of chloroform to relieve the pain by bathing her finger.—While thus engaged, sitting on an ottoman, she left the bottle near her uncorked and unconsciously inhaled sufficient of the powerful fumes of the chloroform to induce insensibility. When found a short time afterward she was discovered in a kneeling posture, with her head resting on a pillow and breathing heavily. Although a physician was immediately summoned, before he arrived Mrs. Ward was dead.

The Convention bill is now the order of the day, in both branches of the Maryland Legislature, and it is quite probable that during the present week the question will be definitely settled; in fact, as far as a Convention is concerned, the matter is looked upon as a foregone conclusion.

It is stated that the vote polled at the recent election for Delegates to a Convention in Virginia, was very small in all the counties heard from.

All the places open for public worship, in this place, yesterday, were well attended. The day was a very fine one.

It is reported that W. W. Treadwell, the cashier of the People’s Bank of Hudson, Michigan, has absconded with \$60,000 belonging to the bank.
